Dear

I am writing in response to your email dated 16th May 2019 requesting information under the Freedom of Information Act (2000) regarding disclosure log FOI response reference 2018/19-163 on Radiology and Ultrasound equipment.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 I have been carrying out research regarding x-ray equipment and have identified that multiple Trusts have received requests entitled 'Radiology and Ultrasound equipment'. The information which Trusts have supplied covers my interest.

I noted that you replied to an FOI request - 2018/19-163 - I was unable to locate the answers to the request on the Trust website. I would be grateful if you could forward this material. I am happy to make a separate request for this information but equally do not want to create unnecessary work for you.

A1 Please refer to the attached spread sheet, please note that the original reference (response letter is available on the disclosure log, however we are unable to download spread sheets) was 057-1920 and is an updated version of request reference 163-1819.

Please note that planned replacement dates are based on asset age and are modified according to asset condition, financial priorities and risk management.

*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.
