Dear

I am writing in response to your email dated 27th August 2019 requesting information under the Freedom of Information Act (2000) regarding admissions and finished Consultant episodes.

I can neither confirm nor deny whether the information you have requested is held by the Trust in its entirety. This is because the information requested in question 1 is not held centrally, but may be recorded in individual health records. In order to confirm whether this information is held we would therefore have to individually access all individual health records within the Trust and extract the information where it is present. We therefore estimate that complying with your request is exempt under section 12 of the FOI Act: *cost of compliance is excessive*. The section 12 exemption applies when it is estimated a request will take in excess of 18 hours to complete. We estimate that accessing and reviewing all individual health records and then extracting relevant information would take longer than the 18 hours allowed for.

In addition to the section 12 exemption the Trust is also applying section 14 (1) exemption: *oppressive burden on the authority*

Under section 16 of the FOI Act we are required to provide requestors with advice and assistance where possible. We would therefore like to advise you that if your request is shortened to just question 2 we are able to comply within the 18 hour time frame. In order to avoid delay to your response we have provided this below.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 Please may you provide information to answer my 2 questions below? These relate specifically to Admitted Patient. Please may I know?

The number of admissions where the 4 character Primary Diagnosis was coded as E10.1 (Insulin-dependent diabetes mellitus - With ketoacidosis)		
Age Range	2017-18	2018-19

0 - 18		
19-39		
40 - 59		
60+		

A1 Section 12 and 14 exemptions as detailed above.

Q2 For context, these answers to the above are presented at a national level but I have not seen where they are broken down by provider. Please see example national dataset here <https://digital.nhs.uk/data-and-information/publications/statistical/hospital-admitted-patient-care-activity/2017-18>

For both answers, please may you group them by age banding?

The number of Finished Consultant Episodes (FCE) where the 4 character Primary Diagnosis was coded as E10.1 (Insulin-dependent diabetes mellitus - With ketoacidosis)		
Age Range	2017-18	2018-19
0 - 18		
19-39		
40 - 59		
60+		

A2 Please see below:

The number of Finished Consultant Episodes (FCE) where the 4 character Primary Diagnosis was coded as E10.1 (Insulin-dependent diabetes mellitus - With ketoacidosis)		
Age Range	2017-18	2018-19
0 - 18	53	41
19-39	245	275
40 - 59	48	146

60+	46	100
