Dear

I am writing in response to your email dated 21st January 2019 requesting information under the Freedom of Information Act (2000) regarding guidelines.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 I request the following documents to be provided to me:

Trust guidelines for referral to genetic Services after colonoscopy undertaken as part of the UK Bowel Cancer screening programme (BCSP). In particular I would you to include any guidelines for referral of patients identified to have ten or more colonic polyps at colonoscopy (Oligoployposis)

A1 Information not held. Genetic screening is not completed within the screening programme. Patients identified that require genetic screening will be either provided with the paperwork from UHM to complete and send to the genetic service, or they are asked to contact their GP and discuss referral if appropriate.

The pathway for polyps; patients with multiple adenomas is attached as a separate PDF document.

*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.
