Dear

I am writing to acknowledge receipt of your email dated 7th June 2021 requesting information under the Freedom of Information Act (2000) regarding lab results

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS

I can neither confirm nor deny whether the information you have requested is held by the Trust in its entirety. This is because the information requested in question 1 is not held centrally, but may be recorded in individual health records. In order to confirm whether this information is held we would therefore have to individually access all individual health records within the Trust and extract the information where it is present. We therefore estimate that complying with your request is exempt under section 12 of the FOI Act: *cost of compliance is excessive*. The section 12 exemption applies when it is estimated a request will take in excess of 18 hours to complete. We estimate that accessing and reviewing all individual health records and then extracting relevant information would take longer than the 18 hours allowed for. In addition to the section 12 exemption the Trust is also applying section 14 (1) exemption: *oppressive burden on the authority*

Under section 16 of the FOI Act we are required to provide requestors with advice and assistance where possible. We would therefore like to advise you that if your request is shortened to just question 2 we are able to comply within the 18 hour time frame. In order to avoid delay to your response we have provided this attached.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

- Q1 Please provide data of the absolute numbers of patients with laboratory results for each of the following clinical thromboembolic events, monthly from Jan 2019 until now, and by age cohort:**
- a) Lymphopenia (low lymphocyte levels) (using local laboratory cut offs).
 - b) Thrombocytopenia (low platelet levels) (using local laboratory cut offs).
 - c) D dimers at each of these levels: <500; 500-999; 1000-1499; 1500+
 - d) Patients coded as having had thrombotic/embolic strokes
 - e) Patients coded as having had a deep venous thrombosis
 - f) Patients coded as having a pulmonary embolism including bilateral DVT

A1 Section 12 exemption as detailed above

- Q2 Please provide data for the following, monthly from Jan 2019 until now, and by age cohort:**
- a) The number of FBC requested
 - b) The number of D-dimer tests requested

Ideally the age cohorts would be 0-9; 10-19; 20-29; 30-39; 40-49 and so on, though you may band your age cohorts differently.

A2 Refer to the attached spread sheet

*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.
