Dear

I am writing in response to your email dated 18<sup>th</sup> April 2019 requesting information under the Freedom of Information Act (2000) regarding radiology-extravasation threshold rates.

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 Criteria. Radiology departments who administer IV contract media for radiology procedure.**

**Background. South Tees NHS Trust would like to set a threshold number regarding extravasations during administration of IV contract media to trigger an internal investigation.**

**Question. Do other Trusts have a threshold number and/or criteria regarding extravasations during administration of IV contract media to trigger an internal investigation?**

**A1** UHNM does not specifically monitor extravasation rates or have an incident frequency trigger which prompts an investigation.
