Date: 16<sup>th</sup> December 2020

Email [foi@uhnm.nhs.uk](mailto:foi@uhnm.nhs.uk)

Dear

I am writing in response to your email dated 20<sup>th</sup> November 2020 requesting information under the Freedom of Information Act (2000) regarding Ketamine related hospitalisations of under 25s.

I can neither confirm nor deny whether the information you have requested is held by the Trust in its entirety. This is because the information requested in your questions is not held centrally, but may be recorded in individual health records. In order to confirm whether this information is held we would therefore have to individually access all individual health records within the Trust and extract the information where it is present. We therefore estimate that complying with your request is exempt under section 12 of the FOI Act: *cost of compliance is excessive*. The section 12 exemption applies when it is estimated a request will take in excess of 18 hours to complete. We estimate that accessing and reviewing all individual health records and then extracting relevant information would take longer than the 18 hours allowed for.

In addition to the section 12 exemption the Trust is also applying section 14 (1) exemption: *oppressive burden on the authority*.

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 I'm writing to you under the Freedom of Information act to request the following:**

**Total number of ketamine related hospitalisations for individuals under the age of 25 years old at your NHS Trust in 2020 (i.e. a patient brought to A&E after ingesting ketamine, not mental health-related side effects of ketamine)**

A1 Section 12 and 14 exemptions as detailed above.

**Q2 Total number of ketamine related hospitalisations for individuals under the age of 25 years old at your NHS Trust in 2019 (i.e. a patient brought to A&E after ingesting ketamine, not mental health-related side effects of ketamine)**

**Also, if possible, if any of these hospitalisations lead to deaths, the total number of these for both years too please**

A2 As answer 1

\*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.
