Dear

I am writing in response to your email dated 21st May 2020 requesting information under the Freedom of Information Act (2000) regarding Stafford General asbestos

You contacted us via email with the following:

"Please find attached former freedom of information request. I note that I have not yet received your response and would be grateful to hear from you as soon as possible".

We replied the same day via email advising you that we had not received a request from anyone of your name and therefore could you provide the reference number that we would have acknowledged this request with

On 22nd May 2020 you replied via email with the following:

"Unfortunately I received no response and therefore no reference number to my request dated 17th April 2020. I would be grateful to receive the information requested at your earliest convenience"

On our acknowledgment we added the following statement:

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 I would be extremely grateful to receive documents/details of the presence of asbestos insulation/containing materials at the old Stafford General Infirmary, specifically in the casualty department and the orthopaedic wards from approximately 1965 – 1996.

In particular I would be grateful to receive any information held by the trust regarding asbestos surveys undertaken at Stafford General Infirmary together with plans for the removal of asbestos dust and fibre and documents regarding the management of asbestos within the premises during the years 1965 – 1996.

A1 Information not held. Please note the Control of Asbestos at Work Regulations (CAW) 2002 and became law in 2004, which enforced duty to manage. The dates in the FOI precede this. This has been superseded by CAR 2012 (Control of Asbestos Regulations 2012)
