Dear

I am writing to acknowledge receipt of your email dated 04th May 2021 requesting information under the Freedom of Information Act (2000) regarding scanning machines.

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q5 Are you currently in discussions or planning to explore the development of a Community Diagnostic Hub (<https://www.england.nhs.uk/2020/10/nhs-to-introduce-one-stop-shops-in-the-community-for-life-saving-checks/>) to serve future diagnostic demands for your Trust?

A5 There is nothing at planning stage for UHNM at this current time.

Q6 If the answer to question 5 is yes:

- a. Are you exploring this with other local NHS Trusts, and if so, which ones?
- b. Is your relevant ICS involved, and what role is it playing?
- c. Do you know where a CDH would be located (e.g. on a current NHS site, in a new location)?

A6 No
