Dear

I am writing to acknowledge receipt of your email dated 16th February 2022 (received into our office 17th February) requesting information under the Freedom of Information Act (2000) regarding pancreatic cancer.

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS.

On 17th February 2022 we contacted you via email as we required clarification on what you meant by 'a section on each point of information?'

On the same day you replied via email with:
'Please disregard this section of the request.'

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 In accordance with the Freedom of Information Act, I would be grateful if you could comply with the following request. Could you provide the following information?

The number of diagnoses for pancreatic cancer at your hospital Trust. I would like this information for each of the last 5 calendar years as follows: 2017, 2018, 2019, 2020, and 2021.

I would like this data to be presented in an Excel or PDF spread sheet with a new sheet for each year and a section on each point of information.

A1 See below: as per your amendment above: The number of primary pancreatic cancers diagnosed at UHNM each year was as follows:

2017	113
2018	93
2019	97
2020	110
2021	114
