Dear

I am writing in response to your email dated 12/07/2021 requesting information under the Freedom of Information Act (2000) regarding demand for the supply of specialist pure waters.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 As per your attached questionnaire

A1 Commercially sensitive information relating to the supply of specialist pure waters has not been disclosed here as we consider that under section 43(2) of the FOI Act: *prejudice to the commercial interests of any party*, is engaged. Disclosure of this information could be commercially detrimental to the Trust and companies acting on our behalf and result in less competitive prices for services. The likely consequence of this would be increased cost for service provision to the Trust. We have considered how the public interest might apply, and although recognising that there is a strong public interest in openness there is a greater public interest ensuring an ability to obtain best value for money.

*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.
