Date: 13th July 2022

Email foi@uhnm.nhs.uk

Dear

I am writing to acknowledge receipt of your email dated 20th June 2022 requesting information under the Freedom of Information Act (2000) regarding mouth injury

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS.

On the same day we contacted you for clarification on what you meant by 'admitted'

You replied via email with:

'In terms of admitted, I mean taken to hospital, received treatment etc.'

We responded with:

Thank you, however we are still unsure of what you are looking for, do you mean as in a A&E attendance?

You replied with:

'Yes A&E attendance.'

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 I would like to make the following request under the Freedom of Information Act.

Could you tell me the number of people who were admitted to hospital with teeth, gum and other mouth related illnesses/injuries in the years:

- **2022 (to the nearest date to present)**
- **2021**
- **2020**
- **2019**
- **2018**

Could you please break the information down by year and type of injury?

A1 We do not record this level of detail on our data system Careflow; therefore we are unable to advise how many patients have attended the ED department due to a mouth related illness/injury.

The lowest level of detail we record to enable us to identify the cohort of patients required is "Facial" problems. This would mean someone would have to manually audit all of these attendances to ascertain from the patients notes if the facial problem was related to the mouth/mouth area.

For the time period stated there are over 14,000 patients to review = section 12 exemption as detailed below.

I can neither confirm nor deny whether the information you have requested is held by the Trust in its entirety. This is because the information requested in your question is not held centrally, but may be recorded in individual health records. In order to confirm whether this information is held we would therefore have to individually access all individual health records within the Trust and extract the information where it is present. We therefore estimate that complying with your request is exempt under section 12 of the FOI Act: cost of compliance is excessive. The section 12 exemption applies when it is estimated a request will take in excess of 18 hours to complete. We estimate that accessing and reviewing all individual health records and then extracting relevant information would take longer than the 18 hours allowed for. In addition to the section 12 exemption the Trust is also applying section 14 (1) exemption: *oppressive burden on the authority*

*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.

Where the Trust owns the copyright in information provided, you may re-use the information in line with the conditions set out in the Open Government Licence v3 which is available at <http://www.nationalarchives.gov.uk/doc/open-government-licence/version/3/>. Where information was created by third parties, you should contact them directly for permission to re-use the information.

An anonymised copy of this request can be found on the Trust's disclosure log, please note that all requests can be found at the following link: <http://www.uhnm.nhs.uk/aboutus/Statutory-Policies-and-Procedures/Pages/Freedom-of-Information-Disclosure-Log.aspx>

This letter confirms the completion of this request. A log of this request and a copy of this letter will be held by the Trust.

If you have any queries related to the response provided please in the first instance contact my office.

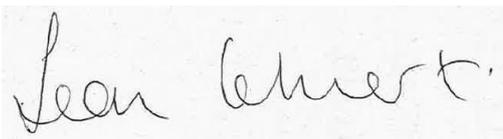

Should you have a complaint about the response or the handling of your request, please also contact my office to request a review of this. If having exhausted the Trust's FOIA complaints process you are still not satisfied, you are entitled to approach the Information Commissioner's Office (ICO) and request an assessment of the manner in which the Trust has managed your request.

The Information Commissioner may be contacted at:

Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire SK9 5AF or via www.ico.org.uk.

If following review of the responses I can be of any further assistance please contact my secretary on 01782 671612.

Yours,

Jean Lehnert
Data, Security & Protection Manager
