Date: 11th August 2023

Dear

I am writing to acknowledge receipt of your email dated 8th June 2023 requesting information under the Freedom of Information Act (2000) regarding cancer.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 How many combined glioblastoma, IDH mutated astrocytoma, grade III anaplastic astrocytoma and anaplastic oligodendroglioma patients have been diagnosed at your centre in the following years:

i)	2018
ii)	2019
iii)	2020
iv)	2021
v)	2022

A1 We are not able to provide this information as the WHO classification has changed in 2021, however we did a sample check and in order to answer this question it would require 359 patient notes to be clinically checked, therefore:

I can neither confirm nor deny whether the information you have requested is held by the Trust in its entirety. This is because the information requested in this question is not held centrally, but may be recorded in health records. In order to confirm whether this information is held we would therefore have to individually access all health records within the Trust and extract the information where it is present. We therefore estimate that complying with your request is exempt under section 12 of the FOI Act: *cost of compliance is excessive*. The section 12 exemption applies when it is estimated a request will take in excess of 18 hours to complete. We estimate that accessing and reviewing all health records and then extracting relevant information would take longer than the 18 hours allowed for. In addition to the section 12 exemption the Trust is also applying section 14 (1) exemption: *oppressive burden on the authority*

Q2 How many units of 5-Aminolevulinic Acid Hydrochloride [5-ALA] have been used by your centre in the following years?
