Dear

I am writing to acknowledge receipt of your email dated 19th September 2023 requesting information under the Freedom of Information Act (2000) regarding Hyperemesis Gravidarum

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 A recent policy lab was carried out at King's College London aimed at advancing the Women's Health Strategy by improving access to appropriate management of Hyperemesis Gravidarum (HG) for pregnant people who suffer with this condition. Key stakeholders felt it would be valuable to gain an understanding of the way in which HG/ nausea and vomiting of pregnancy (NVP) care is currently provided across the UK. This will allow us to further improve access to care for all women across all regions. We will therefore be extremely grateful in your support in providing the following information on the attached questionnaire.

A1 Refer to the attached document that you supplied
