

**19. Will extra cleaning be required during periods of increased incidence/outbreaks of infection?**

Yes, this will be advised by the Infection Prevention Team.

**20. What are cleaning schedules?**

The domestic/housekeeping services have specific cleaning schedules for each clinical area.

Nursing staff must also maintain cleaning schedules for equipment/non- invasive medical devices in their area.

Bed and trolley check lists are in place to enable effective cleaning

“Who cleans what posters” are also available on the Infection, Flu and SepsisTeam intranet page to aid roles and responsibilities.

National standards for Cleanliness cleanings schedule and frequency posters are displayed in Clinical areas.
