## Patient Information (Ver 6 – June 26) Veteran Aware Hospital

If you have a smart phone or tablet with camera,  
scan the QR code above for more information.

Here at University Hospitals of North Midlands (UHNM), we are proud to be a Veteran Aware healthcare provider.

**Please let a member of staff know if you or an immediate family member have ever served in the UK Armed Forces? so that we can best support your care needs.**

Being flagged as a veteran in your NHS medical notes will help ensure you are able to access specific veterans' health services, such as those for mental health, hearing loss, limb amputation etc.

Ensure you make your GP aware of your armed forces status, and this is recorded in their records.

All veterans are entitled to priority access to NHS care (including hospital, primary or community care) for conditions associated with their time in the armed forces (service-related).

This is always subject to clinical need and doesn't entitle you to jump the queue ahead of someone with a higher clinical need.

### Improving care for Veterans across the NHS

UHNM is a member of the Veterans Covenant Healthcare Alliance, sharing and driving best practice in NHS care for people who serve or have served in the UK armed forces and their families, in line with the Armed Forces Covenant.

### The Armed Forces Covenant

The NHS is committed to upholding the Armed Forces Covenant, which is a promise by the nation that those who serve or who have served in the UK armed forces, and their families, will be treated fairly. It has several key principles:

- The armed forces community should not face disadvantage compared to other citizens in the provision of public and commercial services.
- Special consideration is appropriate in some cases, especially for those who have given most such as the injured and the bereaved.
- You and your family should not be at a disadvantage in accessing appropriate health services and should retain your place on any NHS waiting list if moved around due to the service person being posted.

### What you can expect in this hospital

- We support the health commitments of the Armed Forces Covenant ensuring no disadvantage and giving special consideration where appropriate.
- We will ask whether you are part of the armed forces community, record this in our records and offer additional assistance if required.
- We have dedicated Veteran Aware Champions throughout our hospital who can assist you.

## What support is available to UK Armed Forces Community Members?

Here at UHNM, we can help put you in touch with the many service organisations and charities best placed to help with information, advice and support including healthcare, housing, finance, alcohol & substance addiction, employment, mental health concerns, social isolation to name a few.

This leaflet will highlight some of the support available to you, however there are additional support services and charities dedicated to supporting the Armed Forces Community which are signposted in our out our dedicated UHNM Armed Forces webpage. <https://www.uhnm.nhs.uk/about-us/uhnm-and-the-armed-forces/>

## How could you get involved in the NHS?

The NHS can benefit significantly from the skills and experience you bring from your military training, service and Veteran Aware hospitals support the employment of veterans and reservists in the NHS workforce.

UHNM is Defence Employer Recognition Scheme (Gold) accredited and offers a guaranteed interview process for UK Armed Forces Community members, which is subject to applicants meeting the essential criteria of the role advertised.

To find out more about careers at UHNM, visit our UHNM Armed Forces webpage by scanning the QR code on the front of this leaflet.

## Further Information and Feedback
