Dear

I am writing to acknowledge receipt of your email dated 13th July 2022 requesting information under the Freedom of Information Act (2000) regarding Portable Bilirubin (Jaundice) meters.

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 Under the Freedom of Information Act would it be possible to forward me the following information regarding your Community Midwife medical equipment?

What (if any) portable bilirubin meters they currently use to assess possible jaundice in babies? (Jaundice Meters)

A1 See below:

- 9x Minolta JM-103
- 16x Drager JM-105

Q2 When were they purchased?

- A2 See below:
- JM-103 purchased in May 2013
 - JM-105 purchased – 1 in 2015, 3 in 2018, 2 in 2019, 2 in 2020 and 8 in 2022
- Q3 How many were purchased?**
- A3 Refer to Answer 2
- Q4 When will they be renewed or when does the current contract expire?**
- A4 Most JM-105 have only recently been purchased so are unlikely to be replaced soon. JM-03 will ideally need to be replaced before 2026 when support ends
- Q5 Would it also be possible to obtain the contact details of the person dealing with managing the Bilirubin Meters (Jaundice meters) that the community midwife use?**
- A5 Elena Comber-Davies*: all Trust emails are in the following format.
