University Hospitals of North Midlands NHS Trust

BECOME A RESEARCH AMBASSADOR

Help shape the future of healthcare at UHNM

What is a research ambassador?

Are you passionate about advocating research to improve outcomes for our patients? Become a research ambassador and increase awareness and visibility of research at UHNM.

Responsibilities

- Attend meetings every 2 months
- Represent your speciality
- Raise awareness of research in your department
- Advertise local research opportunities
- Attend the annual research symposium

Who can join?

The Research Ambassador group is made up of non-medical staff across UHNM and is supported by the CeNREE team.

No prior research experience is necessary.

How to apply

Contact the CeNREE team for an application form:
