Dear

I am writing in response to your email dated 20<sup>th</sup> November 2019 requesting information under the Freedom of Information Act (2000) regarding cyber security

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 The total amount spent by the Trust on data security and cyber security training in the 12 months to the 1st of November 2019; and the breakdown of these costs in terms of the training undertaken**

A1 We are unable to break this down as this is part of all Trust staff mandatory training

**Q2 The total amount spent by the Trust on private cyber security contractors and/or consultants/consultancies in the last 12 months**

A2 UHNM has not employed any cyber security contractors and/or consultants/consultancies in the last 12 months as this is managed in house.

**Q3 The total number of qualified cyber security and data security professionals employed by the Trust.**

A3 We have two formally cyber security qualified members of the team. However there are additional members of the team who perform Cyber Security tasks who are qualified in Computer Science working along side.

\*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

***UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.***
