Dear

I am writing to acknowledge receipt of your email dated 9th March 2022 requesting information under the Freedom of Information Act (2000) regarding activity levels.

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 Dear Trust,
Please find attached a list of 7 questions we would like to submit under the Freedom of Information Act 2000 regarding the activity levels and organisational structure of your hospital/s.**

Should your Trust look after more than one hospital which has emergency admissions under general surgery we would appreciate if these answers could be given for each individual hospital rather than amalgamated.

Our list of contacts was created from the NHS Trust Information website, as well as the NELA website. Apologies if we are incorrect in our assumption that your hospital/s have emergency general surgery admissions, please let us know if that is the case.
